

androidx::appcompat
::widget::AppCompatActivity

mono.android.IGCUserPeer

crc6452ffdc5b34af3a0f.Maui
AppCompatActivity

```
graph BT; Base[crc6452ffdc5b34af3a0f.Maui AppCompatActivity] --> Left[androidx::appcompat ::widget::AppCompatActivity]; Base --> Right[mono.android.IGCUserPeer];
```

The diagram illustrates a class hierarchy. At the bottom is a grey box representing the base class: `crc6452ffdc5b34af3a0f.Maui AppCompatActivity`. Two blue arrows point upwards from this base class to two separate white boxes above it. The left white box contains the text `androidx::appcompat ::widget::AppCompatActivity`, and the right white box contains `mono.android.IGCUserPeer`. This indicates that both the left and right classes inherit from the base class.
