

android.view.ViewGroup

mono.android.IGCUserPeer

crc6477f0d89a9cfd64b1.List
ViewRenderer_Container

```
graph BT; A[crc6477f0d89a9cfd64b1.List ViewRenderer_Container] --> B[android.view.ViewGroup]; A --> C[mono.android.IGCUserPeer];
```

The diagram illustrates a class hierarchy or inheritance structure. At the bottom, a gray box contains the text 'crc6477f0d89a9cfd64b1.List ViewRenderer_Container'. Two blue arrows originate from this box: one points diagonally up and to the left to a white box labeled 'android.view.ViewGroup', and the other points diagonally up and to the right to a white box labeled 'mono.android.IGCUserPeer'. This indicates that the bottom class inherits from or is associated with both the 'android.view.ViewGroup' and 'mono.android.IGCUserPeer' classes.
