The diagram illustrates a class hierarchy. At the bottom is a gray box representing the base class: `crc6452ffdc5b34af3a0f.Maui TextView`. Two blue arrows point upwards from this base class to two separate white boxes above it. The left white box represents the class `com::microsoft::maui ::PlatformAppCompatTextView`, and the right white box represents the class `mono.android.IGCUserPeer`. This indicates that both the left and right classes inherit from the base class.
