The diagram illustrates a class hierarchy. At the bottom is a gray box representing the base class, 'crc6477f0d89a9cfd64b1.Border Drawable'. Two blue arrows point upwards from this base class to two separate white boxes above it. The left white box represents the class 'android::graphics::drawable::Drawable', and the right white box represents the class 'mono.android.IGCUserPeer'. This indicates that the base class inherits from or implements both of these parent classes.
