The diagram illustrates a class hierarchy. At the bottom is a grey box representing the base class: `crc640ec207abc449b2ca.Shell FlyoutRecyclerViewAdapter`. Two blue arrows point upwards from this base class to two separate white boxes above it. The left white box represents the `androidx::recyclerview::widget::RecyclerView::Adapter` class, and the right white box represents the `mono.android.IGCUserPeer` class. This indicates that the base class inherits from both of these parent classes.
