```

The diagram illustrates a class hierarchy. At the bottom is a gray box representing the base class: `crc64338477404e88479c.GradientStrokeDrawable`. Two blue arrows point upwards from this base class to two separate white boxes above it. The left white box represents the class `android::graphics::drawable::PaintDrawable`, and the right white box represents the class `mono.android.IGCUserPeer`. This indicates that both `PaintDrawable` and `IGCUserPeer` inherit from `GradientStrokeDrawable`.
