

com::microsoft::maui
::PlatformContentViewGroup

mono.android.IGCUserPeer

crc6452ffdc5b34af3a0f.Content
ViewGroup

```
graph BT; A[crc6452ffdc5b34af3a0f.Content ViewGroup] --> B[com::microsoft::maui ::PlatformContentViewGroup]; A --> C[mono.android.IGCUserPeer];
```

The diagram illustrates a class hierarchy. At the bottom is a gray box representing the base class: `crc6452ffdc5b34af3a0f.Content ViewGroup`. Two blue arrows point upwards from this base class to two separate white boxes above it. The left white box represents the class `com::microsoft::maui ::PlatformContentViewGroup`, and the right white box represents the class `mono.android.IGCUserPeer`. This indicates that both the Maui and Mono.Android classes inherit from the same base class.
