ScrollView

```
graph BT; A[crc6477f0d89a9cfd64b1.AHorizontalScrollView] --> B[android.widget.HorizontalScrollView]; A --> C[mono.android.IGCUserPeer];
```

The diagram illustrates inheritance relationships between three classes. At the bottom is a dark gray box representing the base class: `crc6477f0d89a9cfd64b1.AHorizontalScrollView`. Two blue arrows originate from the top of this box. One arrow points diagonally up and to the left to a white box representing `android.widget.HorizontalScrollView`. The other arrow points diagonally up and to the right to another white box representing `mono.android.IGCUserPeer`. This indicates that the base class inherits from both the standard Android class and the MonoAndroid interface.
