```

The diagram illustrates a class hierarchy. At the bottom is a grey box representing the base class: `crc6452ffdc5b34af3a0f.WrapperView`. Two blue arrows point upwards from this base class to two separate white boxes above it. The left white box represents the class `com::microsoft::maui::PlatformWrapperView`, and the right white box represents the class `mono.android.IGCUserPeer`. This indicates that both `PlatformWrapperView` and `IGCUserPeer` inherit from `WrapperView`.
