graph LR; A[crc649ff77a65592e7d55.TabbedPageManager_Listeners] --> B[androidx.viewpager2.widget.ViewPager2.OnPageChangeCallback]; A --> C[mono.android.IGCUserPeer]; A --> D[com.google.android.material.tabs.TabLayout.BaseOnTabSelectedListener]; A --> E[com.google.android.material.navigation.NavigationBarView.OnItemSelectedListener]; A --> F[com.google.android.material.tabs.TabLayoutMediator.TabConfigurationStrategy];
```

The diagram illustrates a central class, `crc649ff77a65592e7d55.TabbedPageManager_Listeners`, which is highlighted in a dark grey box. Five blue arrows originate from this central class and point to five other classes, each in a light grey box. The target classes are: `androidx.viewpager2.widget.ViewPager2.OnPageChangeCallback`, `mono.android.IGCUserPeer`, `com.google.android.material.tabs.TabLayout.BaseOnTabSelectedListener`, `com.google.android.material.navigation.NavigationBarView.OnItemSelectedListener`, and `com.google.android.material.tabs.TabLayoutMediator.TabConfigurationStrategy`. The arrows indicate that the central class implements or interacts with these various interfaces and classes.
